## **THE BUREAU**

We are a design bureau based in Bern and Lucerne. Collaboration is an important part of our idea - we are working with people from different backgrounds like film production, photography, fashion design, theater, acting, music and others. Our focus is on visual communication and the creation of brand design.

## **MY BIOGRAPHY**

Anice studied Science of Media- and Communication at the University of Fribourg. After completing the Vorkurs B:B (preliminary course) at the Schule für Gestaltung Bern, she is studying Graphic Design at the Hochschule Luzern.
